

# IPVRNT-1 and IPVRNT-1S

Vandal Resistant VR130 Series IPure system  
Touch Free button flush & surface videokits

The Vandal Resistant VR130 series IPure system videokits have been designed for communication via a Local Area Network (LAN). Communication over the internet can also be achieved with the use of tablets or smartphones running the VIDEX Cloudnected mobile app.

The IPure videokits are available as flush or surface 1 button kits. They include a 3.5" colour touch screen videophone with handset, a VR130 series audio/video IP entry panel and 12Vdc psu.

## Wide angle colour camera

The high-resolution colour camera with wide angle optics allows for a wider view.

## Vandal Resistant Panel

The VR130 series video entry panel is made from 316 marine grade brushed stainless steel.

## DDA compliant LEDs, voice and acoustic signals

The VR130 series video entry panels are equipped with call progress status LEDs: busy, call in progress, communication open and door open. Acoustic signals and call progress voice annunciation are also standard.

## Touch free call activation

The IP65 rated infrared touch free button with resin potted internal electronics.

## 3.5" TFT LCD videophone

6200 series videophone with resistive touch and OSD menu.

## Compatibility with SIP and RTSP

With SIP 2.0 protocol support the video entry panel can be connected to phones and VOIP switchboards while standard RTSP protocol allows transmission of the video stream towards third party devices.

## PoE technology

Allows power supply via CAT5 UTP cable (for the videophone only).

THE POWER TO SECURE

## IP Videokit Key Features

- Call progress LEDs, voice annunciation & acoustic signals.
- External camera input, 2x relay outputs & 2 PTE inputs.
- Adjustable activation range (3-15cm) and activation time (0.5-20secs) for the infrared touch free button sensor.
- Communication via LAN or private network and across a public network (internet) using the VIDEX Cloudnected mobile app.
- The VIDEX Cloudnected mobile app available for Android and iOS tablets and smartphones.
- Videokit supplied with 3.5" 6296 colour videophone with touch screen display and OSD menus. Including programmable service buttons.
- 12Vdc powered videophone or PoE with RJ45 ethernet connection.
- Up to 16 internal videophones per apartment with intercommunication facility.
- Call log feature with picture capture.
- Also compatible with the 6398 (3.5") and 6798 (7") touch screen hands-free IP video monitor.

Part Code	Series	Description
IPVRNT-1	<b>VR130 series</b>	Flush, 1 way Touch Free VR130 series IP videokit including 12Vdc PSU and 6296 videophone
IPVRNT-1S		Surface, 1 way Touch Free VR130 series IP videokit including 12Vdc PSU and 6296 videophone
VRFB130x220		Replacement VR130 flush back box
VRSB130x220		Replacement VR130 surface back box
6296	<b>6200 series</b>	Surface mount, 3.5" touch screen IP colour videophone with handset
62932		Desk kit for 6296 IP videophone
6398	<b>6300 series</b>	Surface mount, hands-free 3.5" touch screen IP colour videop monitor
63932		Desk kit for 6398 IP video monitor
6798	<b>6700 series</b>	Surface mount, hands-free 7" touch screen IP colour video monitor
67931		Desk kit for 6798 IP video monitor
HDR-15-12	<b>IP system Accessories</b>	Slim line 12Vdc, 1.25A power supply
2505		IP remote "Cloudbox" relay with PoE

**Download the  
VIDEX Cloudnected  
mobile app from  
Google Play or the  
App Store**

## Videx Cloudnected client

Videx CloudNected Client is a cross-platform application for smartphones and tablets that allows the user to interface with Videx IP products easily.

Register your account in the app and connect Videx IP devices by simply acquiring the device's QR code.

You can receive incoming calls from your door panel wherever you are, without needing to keep the application open.

Call the connected devices and operate gates and doors even when you are away from home.

**Note:** this application does not replace the use of traditional monitors; the application performances are subject to the energy saving mode of the smartphone and to connectivity.
