

19" Floor/Server Cabinets

Product Benefits

- Steel frame, simple assembly structure
- Single section, compatible with 19" standard equipment
- Removable side panel with latch, easy to install and maintain
- Cable entry on the top cover and bottom panel with knock out plate
- L-shaped mounting profile, easy to adjust on the mounting rail
- Flat packing, save shipping space and easy to transport
- Quick release spring pin front and rear door
- Side rubber mounts stop side panels rattling, keeping them in place
- Install caster and adjustable support feet at the same time
- Adjustable feet for stable and level installation
- Can be customised to individual requirements
- The frame can be removed/adjusted according to requirements
- SPCC quality cold rolled steel
- Cabinets are finished in RAL7035 (600/800mm deep cabinets) or RAL9004 (1000mm deep cabinets)
- Midas Cabinet complies with IEC 297-2, EN12150-2 and RoHS

Information

The Midas Gold range of cabinets are designed for installation and efficient use of audio, cabling, networking and security products. The high grade, heavy duty steel gives a sturdy and safe cabinet fit for many applications. The cabinets have been designed with the installer in mind.
